

CERTIFICATE

swerea|IVF

Box 104 Institute of the International Association for Research and Testing
SE-431 22 Mölndal in the Field of Textile Ecology

The company

CanSocks AB

Stationsvägen 2

SE-516 31 Dalsjöfors, SWEDEN

is granted authorisation according to Oeko-Tex® Standard 100 to use the Oeko-Tex® mark, based on our test report 14-24780-1

Tested for harmful substances
according to Oeko-Tex® Standard 100

Ö 07-1242

Swerea IVF

for the following articles:

Socks made of wool, cotton, silk, acrylic, polyamide, polyester, polypropylene, elastane and their blends. (Based on material already certified according to Oeko-Tex® Standard 100.)

The results of the inspection made according to Oeko-Tex® Standard 100, **product class II** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for products with direct contact to skin.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

This authorisation is valid until 21.06.2015

Mölndal, 01.09.2014
